OBJECTIVE

Enthusiastic recent graduate passionate about software innovation. Experienced in turning ideas into digital reality. Eager to contribute to dynamic development teams, combining creativity with technical finesse. Ready to excel in the ever-evolving world of technology.

EDUCATION

B.E. CSE - Mahendra Engineering College

2020 – 2024

CGPA: 8.11 / 10

Namakkal, TN

Shri Vidhyasaagar Matric Higher Secondary School

2019 – 2020

Percentage: 67%

Sankari, TN

EXPERIENCE

Accenture Virtual Internship (Forage Platform)

Sept. 2023 – Oct . 2023

Developer and Technology Job Simulation

- Completed a job simulation demonstrating end-to-end SDLC understanding, delivering a comprehensive PowerPoint presentation comparing Waterfall and Agile methodologies, which enhanced the team's grasp of project management approaches.
- Debugged a Python program by resolving syntax and logic errors, leading to a significant improvement in code efficiency and a reduction in runtime errors..

Samcore Solutions

Oct.2023 - Nov.2023

Artificial Intelligence

- Gained foundational knowledge in artificial intelligence concepts and techniques, contributing to small AI projects such as image recognition and text analysis, which improved the overall project delivery process.
- Explored the ethical implications and real-world applications of AI technology, increasing team awareness of AI's impact on business practices.

PROJECTS

CareConnect | *Angular, Nest, SQL, Docker*

2024

- * Built a hospital appointment app with Angular frontend and NestJS backend.
- * Integrated SQL database with TypeORM for efficient data management and querying.
- * Utilized Docker for containerization, ensuring consistent development and deployment environments.
- * Implemented Swagger, Postman, and Insomnia for API documentation, testing, and secure operations

Black Adam | *HTML, CSS, Javascript, PHP, SQL*

2023

- * Revolutionized symposium event management with a innovative web solution.
- * Built with HTML, CSS, JavaScript, MySQL, and PHP technologies.
- * Created a sleek, responsive design for enhanced user experience.
- * Implemented robust user authentication and tailored management tools.

SKILLS

Languages: Java, Python, SQL , JavaScript, HTML, CSS.

Frameworks: Angular.js, Nest.js.
